

ECONOMIC and COMMUNITY DEVELOPMENT DIRECTOR

Town of Lincoln

The Town of Lincoln (Maine) is a recovering former paper mill town in the center of Maine in northern Penobscot County. Lincoln is looking for a person or a consultant to provide the services of the town's Economic and Community Development Director.

Lincoln offers locations for development of many types on a major river, on multiple lakes, in a newly developing commercial park, at the town owned airport and at other locations in the downtown. Lincoln is ready to assist any good development partners in many ways. Some of the available sites offer natural gas service, three phase electric power and rail service. All offer nearby access to the Interstate highway.

Lincoln offers community amenities that include good schools, a core retail group, local healthcare access, good parks and abundant lake front access as well as a Main Street on a lake.

Lincoln is experienced with Maine's TIF development laws with existing TIFs in place. Development possibly using a TIF structure and of non-TIF structure are very welcomed.

Interested parties, either as employees or contracted consultants should submit resumes, work histories, qualifications and rationale as to why they wish to work for Lincoln to the Town Manager no later than the close of business on Monday March 12, 2018.

Applications of your own format should be submitted by regular US mail to:

Rick Bronson, Town Manager, 63 Main Street, Lincoln, ME 04457 or by email to: town.manager@lincolnmaine.org
